

A schematic diagram of a three-armed device, possibly a medical instrument or a structural component. The device consists of three long, narrow arms (401, 402, 403) that converge at a central point. Each arm has a rectangular base (421) and a small rectangular component (304) near the base. The central point is labeled 305. The arms are connected by a central structure (302) and a small circular component (303). The diagram is labeled with various reference numerals: 401, 402, 403, 302, 303, 304, 305, 421.
